

Privacy Policy for Dormn

Next-Generation PG Accommodation & Resident Management Platform

Effective Date: August 20, 2026 | Last Updated: August 20, 2026 | Compliance: DPDP Act 2023 (India)

1. Introduction and Scope

Welcome to Dormn ('we,' 'our,' 'us,' or the 'Platform'). Dormn is a digital accommodation discovery and property management platform designed to connect students and working professionals with verified Paying Guest (PG) accommodations across India.

This Privacy Policy outlines how Dormn collects, uses, stores, processes, discloses, and protects your personal data in full compliance with the **Digital Personal Data Protection Act, 2023 (DPDP Act)**, the **Information Technology Act, 2000**, the **Information Technology (Reasonable Security Practices and Procedures and Sensitive Personal Data or Information) Rules, 2011**, and other applicable Indian regulations.

By creating an account, browsing property listings, or utilizing our services, you expressly acknowledge that you have read, understood, and consent to the data practices described herein.

2. Categories of Data We Collect

We collect only relevant and necessary information required to provide our discovery, booking, and accommodation management services:

2.1 Student & Tenant Information

- **Account Registration:** Full legal name, valid email address, mobile phone number, and securely encrypted authentication credentials.
- **Booking & Inquiries:** Preferred location, budget requirements, room sharing preferences (Single, Double, Triple sharing), requested visit dates, and communication messages sent to property owners.
- **Resident KYC (when enrolled):** Date of birth, permanent residential address, emergency contact person details, and identity proof references where mandated by local housing regulations.

2.2 Property Owner Information

- **Owner Profile:** Full name, verified mobile phone number, official email address, and business contact information.
- **Listing Details:** Property title, descriptive overview, exact physical address, city, area landmarks, nearby colleges, available room counts, pricing matrix, and house rules.
- **Property Media:** Photographs and gallery media files uploaded for property verification and listing displays.

2.3 Technical & Platform Data

- **Device & Session Data:** IP address, browser type, operating system version, and stateless JSON Web Token (JWT) session identifiers.
- **User Preferences:** Light/Dark theme configuration stored locally in browser storage.

3. Image & Media Data Processing

Dormn implements specialized security protocols for processing property photographs and resident media:

- **File Integrity Checks:** Uploaded images are strictly validated to verify permissible MIME types (JPEG, PNG, WebP) and enforce a 5MB size limit.

- **Automated Optimization:** Images are processed, compressed, and converted to optimized WebP format to prevent server resource exhaustion and protect user bandwidth.
- **Secure Storage:** Processed media is stored in secure server directories with access-controlled static delivery endpoints.

4. Purposes of Data Processing

Category of Data	Specific Purpose	Legal Basis (DPDP Act)
Name, Email, Phone, Password	User authentication, account security, and transaction notifications	Contractual Necessity / Consent
Property Listing & Media	Publishing verified PG listings and enabling student discovery	Owner Consent & Service Delivery
Visit & Booking Requests	Facilitating direct communication between students and PG owners	Contractual Fulfillment
Technical & Log Data	Preventing cyber threats, unauthorized access, and DDoS attacks	Legitimate Legal Interest

5. Data Sharing and Third-Party Disclosures

Dormn does **not sell, trade, or rent** personal data to marketing third parties. Data is shared exclusively under strict parameters:

- **Between Students and Property Owners:** When a student submits a visit or booking inquiry, their contact name and phone number are shared with the property owner to enable scheduling.
- **Infrastructure Partners:** Cloud hosting (Vercel, Render), managed database services, and SMTP providers operating under confidentiality agreements.
- **Legal Mandates:** Where required by statutory authorities or court orders under Indian jurisdiction.

6. Data Security and Storage

We enforce robust organizational, physical, and technical safeguards:

- **Password Hashing:** Passwords are salted and encrypted using industry-standard bcrypt algorithms.
- **Parameterized Queries:** All database interactions use prepared statements to prevent SQL injection vulnerabilities.
- **SSL/TLS Encryption:** All data in transit between clients and servers is protected via 256-bit encryption.

7. Rights of Data Principals (Under DPDP Act 2023)

As a user of Dormn, you possess full statutory rights over your personal information:

- **Right to Access:** You may request a summary of your personal data processed on our platform.
- **Right to Correction:** You have the right to correct misleading, outdated, or incomplete personal data.
- **Right to Erasure:** You may request account deletion and removal of your personal data, subject to legal compliance.
- **Right to Withdraw Consent:** You may withdraw consent for optional processing activities at any time.

8. Grievance Redressal Mechanism

In accordance with the Information Technology Act and DPDP Act rules, Dormn has designated a dedicated Grievance Officer:

Grievance Officer: Data Protection & Grievance Officer, Dormn Technologies

Official Email: support@dormn.in | legal@dormn.in

Helpline Phone: +91 96675 55201

Jurisdiction: New Delhi / Bengaluru, India

Response SLA: Inquiries acknowledged within 24 hours; grievances resolved within 15 days.

9. Policy Amendments

Dormn reserves the right to update this Privacy Policy periodically to reflect technological, operational, or legal developments. Continued usage of the Platform following published updates signifies acceptance of the revised policy.
